

GlamourDog: Dog Measurement Cheat Sheet

- **Neck Circumference:** Measure around the base of your dog's neck where a collar would sit. Use the two-finger rule for a comfortable fit.
- **Chest Girth:** Wrap the measuring tape around the widest part of the chest, just behind the front legs.
- **Back Length:** Measure from the base of the neck (where it meets the shoulders) to the base of the tail.
- **Collar Fit Tip:** Ensure two fingers fit between the collar and your dog's neck.
- **Harness Fit Tip:** Measure both chest and lower neck girth for a secure, comfy fit.
- **Extra Tip:** Always measure when your dog is standing. Recheck measurements regularly as dogs grow or change.

| Key Measurements | Where to Measure | Why It Matters |
|------------------|----------------------|-------------------------------|
| Neck | Base of neck | Comfortable collars |
| Chest | Widest part of chest | Accurate harness/clothing fit |
| Back Length | Neck to tail base | Proper clothing coverage |
